

SNMMI 2019 Annual Meeting Continuing Education and Scientific Sessions

Saturday, June 22 2019															
	211AB (228)	210AB (312)	208AB (231)	213B (115)	212AB (245)	210D (168)	213CD (317)	201A (115)	201B (115)	202AB (229)	203A (79)	203B (107)	204A (167)	204B (400)	204C (240)
7:30 - 3:00 PM	Saturday Schedule for CE Categorical Sessions are from 7:30am - 3:00pm CE Sessions run from 1:30pm - 4:45pm Scientific Sessions run from 3:15pm - 4:45pm							CAT 5 Molecular Imaging of Inflammation and Infection: Today and Tomorrow	CAT 1 Updates and Advances in Molecular Neuroimaging	CAT 3 PET Imaging of Autoimmunity and Immune Checkpoint Inhibition Efficacy	CAT 6 Artificial Intelligence (AI) Methods and Applications in Radiology and Nuclear Medicine	CAT 7 Radiopharmaceuticals for Molecular Imaging of Mental Disorders	CAT 2 Image Guided Decision Making and Therapy for Optimal Cardiovascular Patient Care	CAT 8 Thyroid Cancer Theranostics: The Evolving Role for Nuclear Medicine in Clinical Genomics Paradigm	CAT 4 Theranostics: Regulatory Considerations for Product Development
1:30 - 3:00 pm	Initial Clinical Experiences with Digital PET/CT (PET Center of Excellence)	Target Identification (CMIIT)		Nuts and Bolts: Using Lutetium-177 Dotatate (Clinical Trials Network)	Advancements in Brain Tumor Imaging (Brain Imaging Council)	General Clinical Nuclear Medicine Council Award Lectureship	CE07: Cardiovascular Molecular Imaging and Theranostics (CVC)								
3:15 - 4:45 pm	Prostate Cancer Nuts and Bolts: Diagnosis and Therapy (Therapy CoE)	Nuts and Bolts – State of the Art PET/CT: Physics, Instrumentation, Performance and Clinical Application (PIDSC)	Private Practice/ Community Based Physicians Session	New Perspectives in the Diagnostic Approach of Neuroendocrine Tumors (AIMN)	Cardiac PET Workshop (CIC)	Innovation in PET Instrumentation Enabled by Made-in- Japan Technologies (JSNM)	Binary V/Q Scintigraphy in North America Highlight Country Session								
5:00 - 6:00 pm	Opening Ceremony Ballroom A - D														
6:00 - 8:00 pm	Welcome Reception Ballroom A - D														
Sunday, June 23 2019															
8:00 - 9:30 am	Henry N. Wagner, Jr., MD Lectureship Plenary Ballroom A - D														
9:30 am - 12:30 pm	Continuing Education Sessions							Visit the Exhibits/Posters							
	211AB (228)	210AB (312)	208AB (231)	213B (115)	212AB (245)	210D (168)	213CD (317)	201A (115)	201B (115)	202AB (229)	203A (79)	203B (107)	204A (167)	204B (477)	204C (228)
12:30 - 2:00 pm	Differentiated Thyroid Cancer Theranostics Practicum (Therapy CoE)	Leadership Session I		Knowledge Bowl (Early Career Professionals Committee)	Barry Siegel Lecture: Correlative Imaging Using PET/CT and SPECT/CT; CIC Business with "Bites" (CIC)	Molecular Imaging for Immunotherapy (RPSC)	Non-Invasive Evaluation of CAD in 2019 (CVC)								
2:00 - 3:00 pm	Visit the Exhibits														
3:00 - 4:30 pm	Women in Nuclear Medicine Session	Molecular Imaging in Drug Development (CMIIT)	CE24: Mental Health and Wellness in Nuclear Medicine (Quality Committee)	Leadership Session II	Can We Use Quantitative PET in Clinical Practice? (Brain Imaging Council)	Molecular and Radiologic Imaging of Common and Uncommon Musculoskeletal Diseases Case- Based (GCNMC)	Present and Future of PRRT in the Treatment of Neuroendocrine Tumors (AINM)								
4:45 - 6:15 pm	New PET Radio- pharmaceuticals: Read with the Experts (PET CoE)	Total Body PET and Its Applications (PIDSC)	Tackling Diversified Clinical Management Questions (Advanced Associate Council)	Tele Nuclear Medicine: The Success Stories Highlight Country Session	History Committee Session	Radiation Dosimetry in Nuclear Oncology Practice - Striking a Balance in an Era of Theranostics Loevinger-Berman Award	Cardiac Amyloidosis: Introduction and Applications (CVC)	Radiopharmaceutical Sciences/Molecular Imaging/CMIIT Basic Science Summary Session Room 204B							
6:30 - 8:30 pm	RPSC/CMIIT Poster Hall Mixer														
Exhibit Hall Hours for Sunday: 9:30AM to 4:30PM															

SNMMI Continuing Education and Scientific Sessions

Monday, June 24, 2019

Monday, June 24, 2019															
8:00 - 9:30 am	Plenary Session - Hal Anger Lectureship and SNMMI Business Meeting Ballroom A - D														
9:30 - 10:00 am	Visit the Exhibits/Posters Exhibit Hall A & B														
	Continuing Education Sessions							Scientific Sessions (Abstracts)							
	211AB (228)	210AB (312)	208AB (231)	213B (115)	212AB (245)	210D (168)	213CD (317)	201A (115)	201B (115)	202AB (229)	203A (79)	203B (107)	204A (167)	204B (400)	204C (250)
								Mol Targ Probes	Neuro	Onc-Clinical	Inst & DA	Cardio	GCS	Onc-Basic	Extra
10:00 - 11:30 am	PET/CT Assessment Response (PET Center of Excellence)	Cancer Immunotherapy: Current Status and Future Directions (CMIIT)	New Opportunities in Nuclear Medicine - Perspectives and Insights from Healthcare (Outreach Committee)	CE39: Current State of Development of New Theranostic Agents (Clinical Trials Network)	CE40: Brain Imaging Read with the Experts (Brain Imaging Council)	CE41: V/Q Lung Imaging: Pulmonary Embolism and Beyond (GCNMC)	CE42: Nuts and Bolts of Myocardial Blood Flow: Clinical Applications (CVC)								
11:30 am-12:30 pm	Visit the Exhibits/Posters Exhibit Hall A & B														
12:30 - 2:00 pm	Current Uses of MIBG and New Directions (Therapy CoE PIC)	Hoffman Award Lecture (PIDSC)	Best Clinical Practice - PET/CT (ACR)	Joint SNMMI-ASTRO Session: Individualized Dosimetry	ACMUI Update Session	Michael J. Welch Award Presentation and Lecture (RPSC)	Cardiovascular Boot Camp (CVC)								
2:00 - 3:00 pm	Young Investigator Awards (YIA) Ceremony														
2:00 - 3:00 pm	Visit the Exhibits/Posters Exhibit Hall A & B														
3:00 - 4:30 pm								"Meet the Author" Poster Session I							
3:00 - 4:30 pm	Saul Hertz Award Symposium (Therapy CoE)	US Regulatory Pathways for Diagnostic and Therapy Radiopharmaceutic als (CMIIT)	Advanced Pediatric Imaging (Pediatric Imaging Council)	Diabetic Foot Osteomyelitis: Diagnosing and Monitoring Treatment with Imaging (GCNMC)	Dosimetry Methods and Dose/Effects Relationships RADAR	Valk Award Lecture (PET CoE)	Case-Based Approach to Challenging Cases in Nuclear Medicine Joint ARRS/SNMMI Session	Instrumentation and Data Analysis Basic Science Summary Session Room 204B							
4:45 - 6:15 pm	The Era of PRRT: Personalization, Integration and Future Perspectives (Therapy CoE)	Practical Radiopharmaceutic al Dosimetry (PIDSC)	Pediatric PET/MR (Pediatric Imaging Council)	Neuroendocrine Tumor Diagnosis and Therapy (CIC and Therapy CoE)	Technological Advances in PET/CT Imaging: What you Really Need to Know Highlight Country	Career Paths in the Radiopharmaceutic al Sciences (RPSC)	Making the Transition from Training to the Nuclear Medicine Workforce (Resident Committee Session)								

Tuesday, June 25, 2019

Continuing Education Sessions								Scientific Sessions (Abstracts)							
211AB (228)	210AB (312)	208AB (231)	213B (115)	212AB (245)	210D (168)	213CD (317)	201A (115)	201B (115)	202AB (229)	203A (79)	203B (107)	204A (167)	204B (400)	204C (250)	
							Mol Targ Probes	Neuro	Onc-Clinical	Inst & DA	Cardio/Inst & DA	GCS/Onc-Clinical	Oncology-Therapy Track	Extra	
8:00 - 9:30 am	Head and Neck CT Case Review (Cases 1-13) (CIC)	Radioisotope Production for Theranostics (RPSC)	Pediatric Read with the Experts Session (Pediatric Imaging Council)	Tom Miller Memorial Award Lecture - Academic Vigilance through Writing Letters to the Editor (Academic Council)	What Nuclear Medicine Physicians Need to Know About Epilepsy (Brain Imaging Council)	Theranostics 101: Practical Clinical Aspects Highlight Country (Cardiovascular Council)									
9:30 - 10:00 am															
10:00 - 11:30 am	Chest and Cardiac CT Case Review (Cases 14-25) (CIC)	Motion Correction: Basic Technology and Clinical Applications (PIDSC)	Early Career Professionals Committee 2	Nuts and Bolts: How Do I Get New Imaging Agents at My Site? (Clinical Trials Network)	Multi-Disciplinary Working the New Paradigm for Nuclear Medicine (BNMS)	Nuts and Bolts of Ga-68 Therapy (RPSC)									
11:30 am-12:30 pm															
12:30 - 2:00 pm	Musculoskeletal CT Case Review (Cases 26-38) (CIC)	Joint SNMMI/AAPM Symposium – Bridging Nuclear Medicine and Radiation Therapy towards Precision Oncology (PIDSC)	Joint SNMMI/NANETS Session	PET Melanoma in the Age of Immunotherapy (ANZSNM)	Implementation of the New Neuroimaging Framework for the Diagnosis of Alzheimer's Disease (BIC)	Imaging and Therapy for Thyroid Cancer - The Theranostics Paradigm (GCNMC)									
2:00 - 3:00 pm	Visit the Exhibits/Posters Exhibit Hall A & B														
3:00 - 4:30 pm	"Meet the Author" Poster Session II														
3:00 - 4:30 pm	Abdomen and Pelvis CT Case Review (Cases 39-50) (CIC)	AI for Data Sciences (CMIIT)	COROR Session	Joint ATA and SNMMI CE Session		D-Day 1/1/2020: The Nuclear Medicine Report - How to Get Paid with PAMA (GCNMC)									
4:45 - 6:30 pm	Henry N. Wagner, Jr., MD, Highlights Symposium Ballroom A - D														
6:30 pm	SNMMI Closing Reception														

Exhibit Hall Hours for Tuesday: 9:30 am to 3:00 pm
