

Dear Colleague:

On behalf of the SNMMI, I am pleased to invite you to attend the new SNMMI Therapeutics Conference: Therapies, Theranostics, and Building Your Radionuclide Clinical Practice, in Las Vegas, Nevada, on October 25th – 27th, 2019.

SNMMI is an international scientific and professional organization founded in 1954. Its 15,000 members are physicians, technologists, and scientists, dedicated to providing a customized approach to the identification, diagnosis, and treatment of disease, with a goal of advancing personalized medicine. In addition to publishing journals, newsletters and books, SNMMI also sponsors meetings and workshops designed to increase the competencies of its members and the industry, as well as lead the global initiative to elevate imaging practices.

As proven over the years, SNMMI strives to provide the medical community with the most up-to-date and pertinent information concerning the fields of nuclear medicine and molecular imaging. We are dedicated to the educational and networking needs of this unique community of physicians, technologists, scientists, residents, and students. This year's first Therapeutics Conference will explore the latest innovations in therapy while acquiring the knowledge and resources to effectively deliver theranostic agents and fundamental steps necessary to establish a Nuclear Medicine Therapy program at your institution.

In addition to our educational program, SNMMI is expecting several manufacturers of radiopharmaceuticals and services who will be on hand to help you provide the best medical care for your patients. A visit to our exhibit area is a rewarding experience and you shouldn't miss it. Only companies that provide a product or service applicable to the field of nuclear medicine and molecular imaging are eligible to exhibit, which means you can be sure your interests match the products and services showcased. Don't miss this opportunity to receive information on the latest advancements in nuclear medicine and molecular imaging technology.

During your stay in Las Vegas, you will not be compensated by SNMMI nor can you be engaged in any employment. You will be responsible for all your own expenses. We understand you may want to tour the Las Vegas area after the Therapeutics Meeting, therefore, your travel to the United States will be from approximately October 24th – 29th, 2019.

For more details about the event, please visit the SNMMI website at: www.snmmi.org/TC2019

Sincerely,

Philip J. Koo, MD
Co-Program Chair
