Mission

The mission of the Advanced Associate Council is to:

- Aid those who are interested in developing a Nuclear Medicine Advanced Associate program at their facility.
- Support the practice and policy needs of the NMAA.
- Aid with activities associated with nurturing and growing the NMAA, including effecting the necessary culture change to allow this designation to function properly.
- Provide a central source for monitoring practice and educational issues for NMAAs.
- Collect and analyze financial information related to NMAA practice.
